JPC CONNECTIVITY INC. AND SUBSIDIARIES

CONSOLIDATED FINANCIAL STATEMENTS AND

INDEPENDENT AUDITORS' REVIEW REPORT

JUNE 30, 2026 AND 2025

For the convenience of readers and for information purpose only, the auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors' report and financial statements shall prevail.

INDEPENDENT AUDITORS' REVIEW REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of JPC Connectivity Inc.

Introduction

We have reviewed the accompanying consolidated balance sheets of JPC Connectivity Inc. and subsidiaries (the "Group") as at June 30, 2026 and 2025, and the related consolidated statements of comprehensive income for the three months and six months then ended, as well as the related consolidated statements of changes in equity and of cash flows for the six months then ended, and notes to the consolidated financial statements, including a summary of material accounting policies. Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" that came into effect as endorsed by the Financial Supervisory Commission. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of review

Except as explained in the following paragraph, we conducted our reviews in accordance with the Standard on Review Engagements 2410, "Review of Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for qualified conclusion

As explained in Notes 4(3) and 6(8), the financial statements of certain insignificant consolidated subsidiaries and investments accounted for using the equity method were not reviewed by independent auditors. Total assets of these subsidiaries (including the balances of these investments accounted for under the equity method) amounted to NT$2,121,740 thousand and NT$1,499,927 thousand, constituting 20% and 19% of the consolidated total assets as at June 30, 2026 and 2025, respectively, total liabilities amounted to NT$611,451 thousand and NT$393,831 thousand, constituting 14% and 10% of the consolidated total liabilities as at June 30, 2026 and 2025, respectively, and the total comprehensive income (including share of profit (loss) of associates and joint ventures accounted for using the equity method) amounted to NT$137,062 thousand, NT$63,897 thousand, NT$206,625 thousand and NT$109,537 thousand, constituting 15%, 43%, 15% and 26% of the consolidated total comprehensive income for the three months and six months ended June 30, 2026 and 2025, respectively.

Qualified conclusion

Except for the adjustments to the consolidated financial statements, if any, as might have been determined to be necessary had the financial statements of certain consolidated subsidiaries and investments accounted for using the equity method been reviewed by independent auditors as described in the Basis for qualified conclusion section above, based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as at June 30, 2026 and 2025, and of its consolidated financial performance for the three months and six months then ended and its consolidated cash flows for the six months then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” that came into effect as endorsed by the Financial Supervisory Commission.

Wu, Jen-Chieh Hu, Chih-Hua

For and on Behalf of PricewaterhouseCoopers, Taiwan

August 3, 2026

The accompanying consolidated financial statements are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles generally accepted in countries and jurisdictions other than the Republic of China. The standards, procedures and practices in the Republic of China governing the audit of such financial statements may differ from those generally accepted in countries and jurisdictions other than the Republic of China. Accordingly, the accompanying consolidated financial statements and independent auditors' report are not intended for use by those who are not informed about the accounting principles or auditing standards generally accepted in the Republic of China, and their applications in practice.

As the financial statements are the responsibility of the management, PricewaterhouseCoopers Taiwan cannot accept any liability for the use of, or reliance on, the English translation or for any errors or misunderstandings that may derive from the translation.

Effect of foreign exchange translations		40,103	(41,505)
Net increase in cash and cash equivalents		357,207	564,268
Cash and cash equivalents at beginning of period		2,071,557	1,603,816
Cash and cash equivalents at end of period		$ 2,428,764	$ 2,168,084

The accompanying notes are an integral part of these consolidated financial statements.

JPC CONNECTIVITY INC. AND SUBSIDIARIES
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
SIX MONTHS ENDED JUNE 30, 2026 AND 2025
(Expressed in thousands of New Taiwan dollars, except as otherwise indicated)

1. History and Organization

JPC Connectivity Inc. (the "Company") was incorporated as a company limited by shares under the provisions of the Company Act of the Republic of China (R.O.C.). The Company and its subsidiaries (collectively referred herein as the "Group") are primarily engaged in the trade and import and export of various computer software and hardware and its peripherals as well as electronic products and components, manufacture and wholesale of wireless communication equipment and apparatus, data storage and processing equipment, wired communication equipment and apparatus and printers.

2. The Date of Authorisation for Issuance of the Financial Statements and Procedures for Authorisation

These consolidated financial statements were authorised for issuance by the Board of Directors on August 3, 2026.

3. Application of New Standards, Amendments and Interpretations

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards ("IFRS®") Accounting Standards that came into effect as endorsed by the Financial Supervisory Commission ("FSC")

New standards, interpretations and amendments endorsed by the FSC and became effective from 2026 are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Specific provisions of Amendments to IFRS 9 and IFRS 7, 'Amendments to the classification and measurement of financial instruments'	January 1, 2026
Amendments to IFRS 9 and IFRS 7, 'Contracts referencing nature -dependent electricity'	January 1, 2026
IFRS 17, 'Insurance contracts'	January 1, 2023
Amendments to IFRS 17, 'Insurance contracts'	January 1, 2023
Amendment to IFRS 17, 'Initial application of IFRS 17 and IFRS 9 – comparative information'	January 1, 2023
Annual Improvements to IFRS Accounting Standards—Volume 11	January 1, 2026

Except for the following, the above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment. The quantitative impact will be disclosed when the assessment is complete.

Specific provisions of Amendments to IFRS 9 and IFRS 7, 'Amendments to the classification and measurement of financial instruments'

A. Clarify and add further guidance for assessing whether a financial asset meets the solely payments of principal and interest (SPPI) criterion, covering contractual terms that can change cash flows based on contingent events (for example, interest rates linked to ESG targets), non-recourse features and contractually-linked instruments.
B. Add new disclosures for certain instruments with contractual terms that can change cash flows (such as some instruments with features linked to the achievement of environment, social and

governance (ESG) targets), including a qualitative description of the nature of the contingent event, quantitative information about the possible changes to contractual cash flows that could result from those contractual terms and the gross carrying amount of financial assets and amortised cost of financial liabilities subject to these contractual terms.

C. Clarify the date of recognition and derecognition of some financial assets and liabilities, with a new exception relating to the derecognition of a financial liability (or part of a financial liability) settled through an electronic cash transfer system. Applying the exception, an entity is permitted to derecognise a financial liability at an earlier date if, and only if, the entity has initiated a payment instruction and specific conditions are met.
The conditions for the exception are that the entity making the payment does not have:
i.the practical ability to withdraw, stop or cancel the payment instruction;
ii.the practical ability to access the cash used for settlement; and
iii.significant settlement risk.

D. Update the disclosures for equity instruments designated at fair value through other comprehensive income (FVOCI). The entity shall disclose the fair value of each class of investment and is no longer required to disclose the fair value of each investment. In addition, the amendments require the entity to disclose the fair value gain or loss presented in other comprehensive income during the period, showing separately the fair value gain or loss related to investments derecognised during the reporting period and the fair value gain or loss related to investments held at the end of the reporting period; and any transfers of the cumulative gain or loss within equity during the reporting period related to the investments derecognised during that reporting period.

(2) Effect of new issuances of or amendments to IFRS Accounting Standards as endorsed by the FSC but not yet adopted by the Group

New standards, interpretations and amendments endorsed by the FSC effective from 2027 are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
IFRS 18, 'Presentation and disclosure in financial statements'	January 1, 2027 (Note 1)
IFRS 19, 'Subsidiaries without public accountability: disclosures'	January 1, 2027
Amendments to IAS 21, 'Translation to a hyperinflationary presentation currency'	January 1, 2027
Amendments to IAS 28, 'Amendments to the fair value option in IAS 28 investments in associates and joint ventures'	January 1, 2027 (Note 2)

Note 1: The entities shall apply IFRS 18 starting from January 1, 2028. Additionally, entities can choose to adopt IFRS 18 earlier.

Note 2: The entities shall apply the amendment simultaneously with IFRS 18.

Except for the following, the above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment. The quantitative impact will be disclosed when the assessment is complete.

IFRS 18, 'Presentation and disclosure in financial statements'

IFRS 18, 'Presentation and disclosure in financial statements' replaces IAS 1. The standard introduces a defined structure of the statement of profit or loss, disclosure requirements related to management-defined performance measures, and enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes.

(3) IFRS Accounting Standards issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRS Accounting Standards as endorsed by the FSC are as follows:

New Standards, Interpretations and Amendments	Effective date by International Accounting Standards Board
Amendments to IFRS 10 and IAS 28, 'Sale or contribution of assets between an investor and its associate or joint venture'	To be determined by International Accounting Standards Board
IFRS 20, 'Regulatory assets and regulatory liabilities'	January 1, 2029

The above standards and interpretations have no significant impact to the Group's financial condition and financial performance based on the Group's assessment.

4. Summary of Material Accounting Policies

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

The consolidated financial statements of the Group have been prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and the International Accounting Standard 34, 'Interim financial reporting' that came into effect as endorsed by the FSC.

(2) Basis of preparation

A. Except for the following items, the consolidated financial statements have been prepared under the historical cost convention:
   (a) Financial assets at fair value through profit or loss.
   (b) Financial assets at fair value through other comprehensive income.
   (c) Defined benefit liabilities recognised based on the net amount of pension fund assets less present value of defined benefit obligation.
   (d) Contingent consideration recognised at fair value arising from business combinations.

B. The preparation of financial statements in conformity with International Financial Reporting Standards, International Accounting Standards, IFRIC® Interpretations, and SIC® Interpretations that came into effect as endorsed by the FSC (collectively referred herein as the "IFRSs") requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in Note 5.

(3) Basis of consolidation

A. Basis for preparation of consolidated financial statements:
   (a) All subsidiaries are included in the Group's consolidated financial statements. Subsidiaries are all entities (including structured entities) controlled by the Group. The Group controls an entity when the Group is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Consolidation of subsidiaries begins from the date the Group obtains control of the subsidiaries and ceases when the Group loses control of the subsidiaries.
   (b) Inter-company transactions, balances and unrealised gains or losses on transactions between companies within the Group are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.

(c) Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

(d) Changes in a parent's ownership interest in a subsidiary that do not result in the parent losing control of the subsidiary (transactions with non-controlling interests) are accounted for as equity transactions, i.e. transactions with owners in their capacity as owners. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity.

(e) When the Group obtained control over subsidiaries in stages, the Group should remeasure its previously held interest at fair value at the acquisition date, and that fair value is regarded as the cost on initial recognition of the subsidiary. Any difference between fair value and carrying amount is recognised in profit or loss. All amounts previously recognised in other comprehensive income in relation to the subsidiary are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Group obtained control over subsidiaries in stages, all gains or losses previously recognised in other comprehensive income in relation to the subsidiary should be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of.

(f) When the Group loses control of a subsidiary, the Group remeasures any investment retained in the former subsidiary at its fair value. That fair value is regarded as the fair value on initial recognition of a financial asset or the cost on initial recognition of the associate or joint venture. Any difference between fair value and carrying amount is recognised in profit or loss. All amounts previously recognised in other comprehensive income in relation to the subsidiary are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Group loses control of a subsidiary, all gains or losses previously recognised in other comprehensive income in relation to the subsidiary should be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of.

B. Subsidiaries included in the consolidated financial statements:

Name of investor	Name of subsidiary	Main business activities	Ownership (%) June 30, 2026	Ownership (%) December 31, 2025	Ownership (%) June 30, 2025	Description

Information on subsidiaries included in the consolidated financial statements and movements during the period:

(1)The Group's consolidated ownership in the investee was 100%.

(2)In January 2026, SWS GROUP COMPANY LIMITED (SWS) incorporated and held a 99% equity interest in JPC Connectivity (Thailand) Company LTD.

(3)The Company held a 49.87% equity interest in SWS GROUP COMPANY LIMITED (SWS) and a 60% equity interest in its subsidiary. As the Company held more than half of board seats in SWS's Board of Directors, SWS had been included in the consolidated financial statements.

(4)In December 2025, Ultraspeed Electronics Co., Ltd. increased its capital by issuing new shares. The Company totally held 29.19% equity interest in Ultraspeed Electronics Co., Ltd. and lost its control over Ultraspeed Electronics Co., Ltd. since the effective date for the capital increase. Refer to Note 6(8) for details.

(5)In November 2025, the Group obtained 51% equity interest in APEX Connectivity LTD. in stages. Refer to Notes 6(8) and (27) for details.

(6)In July 2025, GUANGZHOU JPC ELECTRONICS TECHNICAL LIMITED COMPANY was dissolved and liquidated.

(7) The financial statements as of June 30, 2026 were not reviewed by independent auditors.

(8) The financial statements as of June 30, 2025 were not reviewed by independent auditors.

C. Subsidiaries not included in the consolidated financial statements: None.

D. Adjustments for subsidiaries with different balance sheet dates: None.

E. Significant restrictions on fund remittance from subsidiaries to the parent company: None.

F. Subsidiaries that have non-controlling interests that are material to the Group: None.

(4) Foreign currency translation

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in New Taiwan dollars, which is the Company's functional and the Group's presentation currency.

A. Foreign currency transactions and balances

(a) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss in the period in which they arise.

(b) Monetary assets and liabilities denominated in foreign currencies at the period end are re-translated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognised in profit or loss.

(c) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.

(d) All foreign exchange gains and losses based on the nature of those transactions are presented in the statement of comprehensive income within 'other gains and losses'.

B. Translation of foreign operations

(a) The operating results and financial position of all the consolidated entities and associates that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

i. Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;

ii. Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and

iii. All resulting exchange differences are recognised in other comprehensive income.

(b) When the foreign operation partially disposed of or sold is a subsidiary, cumulative exchange differences that were recorded in other comprehensive income are proportionately transferred to the non-controlling interest in this foreign operation. In addition, even when the Group retains partial interest in the former foreign subsidiary after losing control of the former foreign subsidiary, such transactions should be accounted for as disposal of all interest in the foreign operation.

(c) When the foreign operation partially disposed of or sold is an associate or joint arrangement, exchange differences that were recorded in other comprehensive income are proportionately reclassified to profit or loss as part of the gain or loss on sale. In addition, even when the Group retains partial interest in the former foreign associate or joint arrangement after losing significant influence over the former foreign associate, or losing joint control of the former joint arrangement, such transactions should be accounted for as disposal of all interest in these foreign operations.

(5) Classification of current and non-current items

A. Assets that meet one of the following criteria are classified as current assets; otherwise they are classified as non-current assets:

(a) Assets that are expected to be realised, or are intended to be sold or consumed in the normal operating cycle;

(b) Assets held primarily for the purpose of trading;

(c) Assets that are expected to be realised within twelve months after the reporting period;

(d) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to settle liabilities for at least twelve months after the reporting period.

B. Liabilities that meet one of the following criteria are classified as current liabilities; otherwise they are classified as non-current liabilities:

(a) Liabilities that are expected to be settled in the normal operating cycle;

(b) Liabilities arising primarily from trading activities;

(c) Liabilities that are due to be settled within twelve months after the reporting period;

(d) It does not have the right at the end of the reporting period to defer settlement of the liability at least twelve months after the reporting period.

(6) Cash equivalents

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits that meet the definition above and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

(7) Financial assets at fair value through profit or loss

A. Financial assets at fair value through profit or loss is financial assets not measured at amortised cost or fair value through other comprehensive income.

B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss is recognised and derecognised using trade date accounting.

C. At initial recognition, the Group measures the financial assets at fair value and recognises the transaction costs in profit or loss. The Group subsequently measures the financial assets at fair value, and recognises the gain or loss in profit or loss.

D. The Group recognises the dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

(8) Financial assets at fair value through other comprehensive income

A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which the Group has made an irrevocable election at initial recognition to recognise changes in fair value in other comprehensive income.

B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognised and derecognised using trade date accounting.

C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs. The Group subsequently measures the financial assets at fair value. The changes in fair value of equity investments that were recognised in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognised as revenue when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

(9) Financial assets at amortised cost

A. Financial assets at amortised cost are those that meet all of the following criteria:

(a) The objective of the Group's business model is achieved by collecting contractual cash flows.

(b) The assets' contractual cash flows represent solely payments of principal and interest.

B. On a regular way purchase or sale basis, financial assets at amortised cost are recognised and derecognised using trade date accounting.

C. At initial recognition, the Group measures the financial assets at fair value plus transaction costs. Interest income from these financial assets is included in finance income using the effective interest method. A gain or loss is recognised in profit or loss when the asset is derecognised or impaired.

D. The Group's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(10) Accounts and notes receivable

A. Accounts and notes receivable entitle the Group a legal right to receive consideration in exchange for transferred goods or rendered services.

B. The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(11) Impairment of financial assets

The Group considers all financial assets measured at amortized cost at each balance sheet date. Based on reasonable and substantiated information (including forward-looking information), the credit risk has not changed since the original recognition. If there is a significant increase, the provision loss will be measured based on the 12-month expected credit loss amount; If the credit risk has increased significantly since then, the allowance loss shall be measured based on the expected credit loss amount during the duration; Accounts receivable that do not contain significant financial components are calculated based on the amount of expected credit losses during the duration measure allowance for losses.

(12) Derecognition of financial assets

The Group derecognises a financial asset when one of the following conditions is met:

A. The contractual rights to receive the cash flows from the financial asset expire.

B. The contractual rights to receive cash flows of the financial asset have been transferred and the Group has transferred substantially all risks and rewards of ownership of the financial asset.

C. The contractual rights to receive cash flows of the financial asset have been transferred; however, the Group has not retained control of the financial asset.

(13) Leasing arrangements (lessor)－lease receivables / operating leases

Lease income from an operating lease (net of any incentives given to the lessee) is recognised in profit or loss on a straight-line basis over the lease term.

(14) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted-average method. The cost of finished goods and work in progress comprises raw materials, direct labour, other direct costs and related production overheads (allocated based on normal operating capacity). It excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

(15) Investments accounted for using the equity method / associates

A. Associates are all entities over which the Group has significant influence but not control. In general, it is presumed that the investor has significant influence, if an investor holds, directly or indirectly 20 percent or more of the voting power of the investee. Investments in associates are accounted for using the equity method and are initially recognised at cost.

B. The Group's share of its associates' post-acquisition profits or losses is recognised in profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivables, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

C. When changes in an associate's equity do not arise from profit or loss or other comprehensive income of the associate and such changes do not affect the Group's ownership percentage of the associate, the Group recognises change in ownership interests in the associate in 'capital surplus' in proportion to its ownership interest.

D. Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been adjusted where necessary to ensure consistency with the policies adopted by the Group.

E. Upon loss of significant influence over an associate, the Group remeasures any investment retained in the former associate at its fair value. Any difference between fair value and carrying amount is recognised in profit or loss.

F. In the case that an associate issues new shares and the Group does not subscribe or acquire new shares proportionately, which results in a change in the Group's ownership percentage of the associate but maintains significant influence on the associate, then 'capital surplus' and 'investments accounted for under the equity method' shall be adjusted for the increase or decrease of its share of equity interest. If the above condition causes a decrease in the Group's ownership percentage of the associate, in addition to the above adjustment, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately on the same basis as would be required if the relevant assets or liabilities were disposed of.

G. When the Group disposes its investment in an associate and loses significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate, are reclassified to profit or loss, on the same basis as would be required if the relevant assets or liabilities were disposed of. If it retains significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately in accordance with the aforementioned approach.

(16) Property, plant and equipment

A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalised.

B. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.

C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each part of an item of property, plant, and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.

D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change. The estimated useful lives of property, plant and equipment are as follows:

Buildings and structures	10~50 years
Machinery and equipment	2~15 years
Other equipment	3~11 years

(17) Leasing arrangements (lessee)－right-of-use assets / lease liabilities

A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Group. For short-term leases or leases of low-value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.

B. Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate. Lease payments are comprised of the following:

(a) Fixed payments, less any lease incentives receivable; and

(b) Variable lease payments that depend on an index or a rate.

The Group subsequently measures the lease liability at amortised cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.

C. At the commencement date, the right-of-use asset is stated at cost comprising the following:

(a) The amount of the initial measurement of lease liability;

(b) Any lease payments made at or before the commencement date; and

(c) Any initial direct costs incurred by the lessee.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term. When the lease liability is remeasured, the amount of remeasurement is recognised as an adjustment to the right-of-use asset.

(18) Investment property

An investment property is stated initially at its cost and measured subsequently using the cost model. Except for land, investment property is depreciated on a straight-line basis over its estimated useful life of 14 to 50 years.

(19) Intangible assets

A. Computer software

Computer software is stated at cost and amortised on a straight-line basis over its estimated useful life of 2 to 9 years.

B. Goodwill

Goodwill arises in a business combination accounted for by applying the acquisition method.

C. Other intangible assets, mainly customer relationships and patents, are stated at cost and amortised on a straight-line basis over its estimated useful life of 3 to 10 years.

(20) Impairment of non-financial assets

A. The Group assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. Except for goodwill, when the circumstances or reasons for recognising impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortised historical cost would have been if the impairment had not been recognised.

B. The recoverable amounts of goodwill, intangible assets with an indefinite useful life and intangible assets that have not yet been available for use are evaluated periodically. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. Impairment loss of goodwill previously recognised in profit or loss shall not be reversed in the following years.

C. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units, or groups of cash-generating units, that is/are expected to benefit from the synergies of the business combination.

(21) Accounts and notes payable

A. Accounts payable are liabilities for purchases of raw materials, goods or services and notes payable are those resulting from operating and non-operating activities.

B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(22) Convertible bonds payable

Convertible bonds issued by the Group contain conversion options (that is, the bondholders have the right to convert the bonds into the Group's common shares by exchanging a fixed amount of cash for a fixed number of common shares), call options and put options. The Group classifies the bonds payable upon issuance as a financial asset, a financial liability or an equity instrument in accordance with the contract terms. They are accounted for as follows:

A. The embedded call options are recognised initially at net fair value as 'financial assets or financial liabilities at fair value through profit or loss'. They are subsequently remeasured and stated at fair value on each balance sheet date; the gain or loss is recognised as 'gain or loss on valuation of financial assets or financial liabilities at fair value through profit or loss'.

B. The host contracts of bonds are initially recognised at fair value. Any difference between the initial recognition and the redemption value is accounted for as the premium or discount on bonds payable and subsequently is amortised in profit or loss as an adjustment to 'finance costs' over the period of circulation using the effective interest method.

C. The embedded conversion options which meet the definition of an equity instrument are initially recognised in 'capital surplus—share options' at the residual amount of total issue price less the amount of financial assets or financial liabilities at fair value through profit or loss and bonds payable as stated above. Conversion options are not subsequently remeasured.

D. Any transaction costs directly attributable to the issuance are allocated to each liability or equity component in proportion to the initial carrying amount of each abovementioned item.

E. When bondholders exercise conversion options, the liability component of the bonds (including bonds payable or and 'financial assets or financial liabilities at fair value through profit or loss') shall be remeasured on the conversion date. The issuance cost of converted common shares is the total carrying amount of the abovementioned liability component and 'capital surplus—share options'.

(23) Derecognition of financial liabilities

A financial liability is derecognised when the obligation specified in the contract is either discharged or cancelled or expires.

(24) Offsetting financial instruments

Financial assets and liabilities are offset and reported in the net amount in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(25) Provisions

Warranty provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation on the balance sheet date, which is discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to passage of time is recognised as interest expense. Provisions are not recognised for future operating losses.

(26) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognised as expense in that period when the employees render service.

B. Pensions

(a) Defined contribution plan

For the defined contribution plan, the contributions are recognised as pension expense when they are due on an accrual basis. Prepaid contributions are recognised as an asset to the extent of a cash refund or a reduction in the future payments.

(b) Defined benefit plan

i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services with the Group in current period or prior periods. The liability recognised in the balance sheet in respect of defined benefit pension plan is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The net defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability; when there is no deep market in this type of corporate bonds, the Group uses interest rates of government bonds (at the balance sheet date) instead.

ii. Remeasurements arising on defined benefit plan are recognised in other comprehensive income in the period in which they arise and are recorded as retained earnings.

iii. Past service costs are recognised immediately in profit or loss.

iv. Pension cost for the interim period is calculated on a year-to-date basis by using the pension cost rate derived from the actuarial valuation at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-off events. Also, the related information is disclosed accordingly.

C. Employees' compensation and directors' and supervisors' remuneration

Employees' compensation and directors' and supervisors' remuneration are recognised as expense and liability, provided that such recognition is required under legal or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates.

(27) Income tax

A. The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or items recognised directly in equity, in which cases the tax is recognised in other comprehensive income or equity.

B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.

C. Deferred tax is recognised, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated balance sheet. However, the deferred tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences. Deferred tax is provided on temporary differences arising on investments in subsidiaries and associates, except

where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

D. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. At each balance sheet date, unrecognised and recognised deferred tax assets are reassessed.

E. The interim period income tax expense is recognised based on the estimated average annual effective income tax rate expected for the full financial year applied to the pretax income of the interim period, and the related information is disclosed accordingly.

F. If a change in tax rate is enacted or substantively enacted in an interim period, the Group recognises the effect of the change immediately in the interim period in which the change occurs. The effect of the change on items recognised outside profit or loss is recognised in other comprehensive income or equity while the effect of the change on items recognised in profit or loss is recognised in profit or loss.

(28) Share capital

A. Ordinary shares are classified as equity. The incremental costs directly attributable to the issuance of new shares or share options are recorded as a reduction in equity, net of income tax.

B. Where the Company repurchases the Company's equity share capital that has been issued, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the Company's equity holders. Where such shares are subsequently reissued, the difference between their book value and any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Company's equity holders.

(29) Dividends

Dividends are recorded in the Company's financial statements in the period in which they are resolved by the Company's shareholders. Cash dividends are recorded as liabilities.

(30) Revenue recognition

A. The Group manufactures and sells electronic components. Revenue is measured at the fair value of the consideration received or receivable taking into account of business tax, returns, rebates and discounts for the sale of goods to external customers in the ordinary course of the Group's activities. Sales are recognised when control of the products has transferred, being when the products are delivered to the customer, the customer has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, or the Group has objective evidence that all criteria for acceptance have been satisfied. The sales usually are made with a credit term of 30 ~ 210 days, which is consistent with market practice. As the time interval between the transfer of committed goods or service and the payment of customer does not exceed one year, the Group does not adjust the transaction price to reflect the time value of money.

B. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(31) Government grants

Government grants are recognised at their fair value only when there is reasonable assurance that the Group will comply with any conditions attached to the grants and the grants will be received. Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises expenses for the related costs for which the grants are intended to compensate.

(32) Business combinations

A. The Group uses the acquisition method to account for business combinations. The consideration transferred for an acquisition is measured as the fair value of the assets transferred, liabilities incurred or assumed and equity instruments issued at the acquisition date, plus the fair value of any assets and liabilities resulting from a contingent consideration arrangement. All acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. For each business combination, the Group measures at the acquisition date components of non-controlling interests in the acquiree that are present ownership interests and entitle their holders to the proportionate share of the entity's net assets in the event of liquidation at either fair value or the present ownership instruments' proportionate share in the recognised amounts of the acquiree's identifiable net assets. All other non-controlling interests should be measured at the acquisition-date fair value.

B. The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of any previous equity interest in the acquiree over the fair value of the identifiable assets acquired and the liabilities assumed is recorded as goodwill at the acquisition date. If the total of consideration transferred, non-controlling interest in the acquiree recognised and the fair value of previously held equity interest in the acquiree is less than the fair value of the identifiable assets acquired and the liabilities assumed, the difference is recognised directly in profit or loss on the acquisition date.

C. Contingent consideration included in the consideration of acquisition is recognised at fair value at the acquisition date. If the changes in fair value of contingent consideration after the acquisition date belong to adjustments during the measurement period, the acquisition cost shall be retrospectively adjusted and goodwill shall be adjusted accordingly. Adjustments during the measurement period pertains to the adjustments made upon the additional information, which in relation to the facts and circumstances that existing on the acquisition date, acquired by the Group after the acquisition date. The measurement period shall not exceed one year from the acquisition date. If the changes in fair value of contingent consideration after the acquisition date do not belong to adjustments during the measurement period, the changes in fair value shall recognise in profit or loss.

(33) Operating segments

Operating segments are reported in a manner consistent with the internal reporting provided to the Group's chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments.

5. Critical Accounting Judgements, Estimates and Key Sources of Assumption Uncertainty

The preparation of these consolidated financial statements requires management to make critical judgements in applying the Group's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below:

(1) Critical judgements in applying the Group's accounting policies

None.

(2) Critical accounting estimates and assumptions

The Group makes estimates and assumptions based on the expectation of future events that are believed to be reasonable under the circumstances at the end of the balance sheet date. The resulting accounting estimates might differ from the actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below:

Evaluation of inventories

As inventories are stated at the lower of cost and net realisable value, the Group must determine the net realisable value of inventories on balance sheet date using judgements and estimates. Due to the rapid technology innovation, the Group evaluates the amounts of normal inventory consumption, obsolete inventories or inventories without market selling value on balance sheet date, and writes down the cost of inventories to the net realisable value. Such an evaluation of inventories is principally based on the demand for the products within the specified period in the future. Therefore, there might be material changes to the evaluation.

Information on the carrying amount of inventories as of June 30, 2026 is provided in Note 6(6).

6. Details of Significant Accounts

(1) Cash and cash equivalents

	June 30, 2026	December 31, 2025	June 30, 2025
Cash on hand	$ 2,781	$ 2,810	$ 2,764
Checking accounts and demand deposits	2,036,219	1,964,959	935,320
Time deposits	389,764	103,788	1,230,000
	$ 2,428,764	$ 2,071,557	$ 2,168,084

A. The Group transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.

B. The Group has not pledged cash or cash equivalents.

C. As of June 30, 2026, December 31, 2025 and June 30, 2025, the Group's pledged bank deposits were classified as financial assets measured at amortised cost. Please refer to Notes 6(4) and 8 for details.

(2) Financial assets and liabilities at fair value through profit or loss

Items	June 30, 2026	December 31, 2025	June 30, 2025
Current items:			
Financial assets mandatorily measured at fair value through profit or loss			
Listed stocks	$ 219,183	$ 66,432	$ 69,348
Beneficiary certificates	58,953	61,370	61,429
Call options of the convertible bonds issued	1,400	700	1,500
Derivative instruments	-	-	2,213
Valuation adjustment	14,055	3,141	7,022
	$ 293,591	$ 131,643	$ 141,512
Non-current items:			
Financial assets mandatorily measured at fair value through profit or loss			
Private equity fund investment	$ 133,333	$ 128,836	$ -
Limited partnership	31,410	31,485	29,415
	$ 164,743	$ 160,321	$ 29,415

Current items:			
Financial liabilities mandatorily measured at fair value through profit or loss			
Derivative instruments	$ -	$ 261	$ -

A. The nature of financial assets and liabilities at fair value through profit or loss is as follows:
   (a) Derivative instruments: Including forward foreign exchange contracts and foreign exchange swap contracts.
   (b) Limited partnerships: The Group made capital contributions to a limited partnership during the duration specified in the limited partnership agreement. Upon the expiration of the agreement, the net assets of the limited partnership will be allocated to investors in proportion to their capital contributions and the limited partnership will be dissolved and liquidated. Based on the Group's assessment, the net assets of the limited partnership approximated to its fair value.
   (c) Call options of the convertible bonds issued: It refers to the call options embedded in the convertible bonds issued by the Group. Please refer to Note 6(14) for details.

B. Amounts recognised in profit or loss in relation to financial assets at fair value through profit or loss are listed below:

	Three months ended June 30	
Items	2026	2025
Financial assets mandatorily measured at fair value through profit or loss		
Equity instruments	$ 13,717	$ 11,796
Derivative instruments	-	(33,622)
Beneficiary certificates	(460)	(4,239)
Limited partnership	(273)	(804)
Corporate bonds	-	(775)
Private equity fund	197	-
Call options of the convertible bonds issued	200	500
	$ 13,381	($ 27,144)

	Six months ended June 30	
Items	2026	2025
Financial assets mandatorily measured at fair value through profit or loss		
Equity instruments	$ 36,491	($ 3,889)
Derivative instruments	431	(23,981)
Beneficiary certificates	(2,776)	(3,043)
Limited partnership	(75)	(1,006)
Corporate bonds	-	(349)
Private equity fund	197	-
Call options of the convertible bonds issued	700	(800)
	$ 34,968	($ 33,068)

For the three months and six months ended June 30, 2026 and 2025, the Group recognised dividend income from the abovementioned equity instruments amounting to $19,695, $695, $53,407 and $695, respectively (shown as other income).

C. The Group entered into contracts relating to derivative financial assets which were not accounted for under hedge accounting. The information is listed below:

		December 31, 2025	
Derivative financial instruments	Contract amount (notional principal)(in thousands)		Contract period
Current items:			
Forward foreign exchange contracts	TWD (BUY)	9,168	2025.10.21~
	USD (SELL)	300	2026.01.05

		June 30, 2025	
Derivative financial instruments	Contract amount (notional principal)(in thousands)		Contract period
Current items:			
Forward foreign exchange contracts	USD (SELL)	9,500	2025.05.06~
	TWD (BUY)	281,618	2025.09.01
Forward foreign exchange contracts	TWD (BUY)	160,605	2025.06.12~
	CNY (SELL)	39,000	2025.12.05

(a) As of June 30, 2026, the Group did not hold any derivative financial instruments which were not accounted for under hedge accounting.

(b) The Group entered into forward foreign exchange contracts and foreign exchange swap contracts to hedge exchange rate risk of import and export proceeds, and foreign currency. However, these forward foreign exchange contracts and foreign exchange swap contracts are not accounted for under hedge accounting.

(3) Financial assets at fair value through other comprehensive income

Items	June 30, 2026	December 31, 2025	June 30, 2025
Current items:			
Listed stocks	$ 338,917	$ 292,705	$ 269,511
Emerging stocks	-	1,732	-
Valuation adjustment	412,917	267,401	97,434
	$ 751,834	$ 561,838	$ 366,945
Non-current items:			
Listed stocks	$ 221,622	$ 47,009	$ -
Emerging stocks	65,400	5,400	47,009
Unlisted stocks	152,571	212,571	212,571
Valuation adjustment	323,870	145,685	202,378
	$ 763,463	$ 410,665	$ 461,958

A. The Group has elected to classify investments that are considered to be strategic investments and steady dividend income as financial assets at fair value through other comprehensive income.

B. Aiming to satisfy the capital needs, the Group sold $65,048 and $56,474 of financial assets during the six months ended June 30, 2026 and 2025, respectively.

C. Amounts recognised in other comprehensive income in relation to the financial assets at fair value through other comprehensive income are listed below:

	Three months ended June 30	
	2026	2025
Equity instruments at fair value through other comprehensive income		
Fair value change recognised in other comprehensive income		
Held at end of period	$ 394,262	$ 178,567
Derecognised during the period	34,580	12,271
	$ 428,842	$ 190,838
Cumulative gains reclassified to retained earnings due to derecognition		
Reclassified due to derecognition	$ 34,580	$ 12,271
Dividend income recognised in profit or loss		
Held at end of period	$ 21,550	$ -
Derecognised during the period	-	-
	$ 21,550	$ -

	Six months ended June 30	
	2026	2025
Equity instruments at fair value through other comprehensive income		
Fair value change recognised in other comprehensive income		
Held at end of period	$ 323,701	$ 177,369
Derecognised during the period	36,038	12,271
	$ 359,739	$ 189,640
Cumulative gains reclassified to retained earnings due to disposal		
Reclassified due to derecognition	$ 36,038	$ 12,271
Dividend income recognised in profit or loss		
Held at end of period	$ 21,550	$ -
Derecognised during the period	-	-
	$ 21,550	$ -

(4) Financial assets at amortised cost

Items	June 30, 2026	December 31, 2025	June 30, 2025
Current items:			
Time deposits with maturity over three months	$ 256,611	$ 370,000	$ 340,900
Other financial assets - current	2,112	2,188	1,989
	$ 258,723	$ 372,188	$ 342,889

A. Amounts recognised in profit or loss in relation to financial assets at amortised cost are are listed below:

	Three months ended June 30	
	2026	2025
Interest income	$ 1,322	$ 796

	Six months ended June 30	
	2026	2025
Interest income	$ 2,557	$ 6,462

B. Information relating to credit risk of financial assets at amortized cost is provided in Note 8.

C. The counterparties of the Group's investments in certificates of deposits are financial institutions with high credit quality, so the Group expects that the probability of counterparty default is remote. Information relating to credit risk of financial assets at amortised cost is provided in Note 12(2).

(5) Notes and accounts receivable

	June 30, 2026	December 31, 2025	June 30, 2025
Notes receivable	$ 2,664	$ 4,079	$ 6,276
Accounts receivable	2,560,370	2,111,353	1,954,567
Less: Allowance for uncollectible accounts	(35,255)	(35,949)	(43,476)
	$ 2,527,779	$ 2,079,483	$ 1,917,367

A. As of June 30, 2026, December 31, 2025 and June 30, 2025, accounts receivable and notes receivable were all from contracts with customers. As of January 1, 2025, the balance of receivables from contracts with customers amounted to $1,660,808.

B. The Group does not hold any collateral.

C. Information relating to credit risk of accounts receivable and notes receivable is provided in Note 12(2).

(6) Inventories

	June 30, 2026		
	Cost	Allowance for valuation loss	Book value
Raw materials	$ 393,001	($ 43,770)	$ 349,231
Work in progress	121,813	-	121,813
Finished goods	479,451	(35,810)	443,641
Merchandise inventory	95,178	(22,094)	73,084
	$ 1,089,443	($ 101,674)	$ 987,769

	December 31, 2025		
	Cost	Allowance for valuation loss	Book value
Raw materials	$ 342,316	($ 37,457)	$ 304,859

	$ 705,891	($ 61,458)	$ 644,433

The cost of inventories recognised as expense for the period:

	Three months ended June 30	
	2026	2025
Cost of goods sold	$ 1,601,032	$ 1,257,574
Valuation loss on inventories	7,963	13,792
Gain from sale of scraps	(3,099)	(65)
Others	94	86
	$ 1,605,990	$ 1,271,387

	Six months ended June 30	
	2026	2025
Cost of goods sold	$ 2,894,958	$ 2,366,424
Valuation loss on inventories	17,741	22,085
Gain from sale of scraps	(5,566)	(298)
Others	75	102
	$ 2,907,208	$ 2,388,313

(7) Prepayments

	June 30, 2026	December 31, 2025	June 30, 2025
Excess business tax paid (or Net Input VAT)	$ 102,343	$ 64,812	$ 38,218
Prepayments to suppliers	22,472	17,213	12,079
Prepaid rent expenses	1,841	987	2,222
Others	24,911	33,612	29,941
	$ 151,567	$ 116,624	$ 82,460

(8) Investments accounted for using equity method

	June 30, 2026	December 31, 2025	June 30, 2025
JUN CHEN GLOBAL CO., LTD.	$ 82,670	$ 85,077	$ 80,264
Ultraspeed Electronics Co., Ltd.	14,163	14,602	-
JS CONNECTIVITY CO., LTD.	4,747	4,724	4,766
APEX CONNECTIVITY LTD.	-	-	12,665
BRIGHTON NET COMPANY LTD.	-	-	7,411
	$ 101,580	$ 104,403	$ 105,106

A. The Group's share of the operating results in all individually immaterial associates are summarised below:

As of June 30, 2026, December 31, 2025 and June 30, 2025, the carrying amount of the Group's individually immaterial associates amounted to $101,580, $104,403 and $105,106, respectively.

	Three months ended June 30	
	2026	2025
(Loss) profit for the period from continuing operations	($ 2,208)	$ 419

	Six months ended June 30	
	2026	2025
Loss for the period from continuing operations	($ 3,858)	($ 333)

B. In December 2025, Ultraspeed Electronics Co., Ltd increased its capital by issuing new shares. The Company totally held a 29.19% equity interest in Ultraspeed Electronics Co., Ltd since the effective date for the capital increase. The Company does not hold over 50% of the seats in the Board of Directors of Ultraspeed Electronics Co., Ltd. and has no ability to direct the relevant activities of the entity, which indicate that the Company has no control over the entity. Accordingly, the Company remeasures any investment retained in the former subsidiary at its fair value of $15,038. That fair value is regarded as the cost on initial recognition of the associate.

C. In November 2025, the Group obtained 51% equity interest in APEX CONNECTIVITY LTD. in stages. Refer to Note 6(27) for details.

D. In September 2025, the Group disposed its equity interest in BRIGHTON NET COMPANY LTD. for cash of JPY 14.4 million (approximately $2,981).

	$ 433,799	$ 192,032	$ 162,873	$ 65,190	$ 13,147	$ 867,041

A. For the six months ended June 30, 2025, information on reclassification of land, buildings and equipment is provided in Note 6(11). There was no such transaction for the six months ended June 30, 2026.

B. Information about the property, plant and equipment that were pledged to others as collateral is provided in Note 8.

(10) Leasing arrangements－lessee

A. The Group leases various assets including land use right, buildings, business vehicles and multifunction printers. Rental contracts are typically made for periods of 1 to 5 years, except for the leasing period of land use right which was 34 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.

B. Short-term leases with a lease term of 12 months or less comprise buildings and business vehicles. Low-value assets comprise multifunction printers.

C. The carrying amount of right-of-use assets and the depreciation charge are as follows:

	June 30, 2026	December 31, 2025	June 30, 2025
	Carrying amount	Carrying amount	Carrying amount
Buildings	$ 143,254	$ 132,652	$ 133,556
Transportation equipment (Business vehicles)	8,065	5,042	9,863
Land use rights	10,064	10,116	9,830
Office equipment	286	347	408
Other equipment	2,941	3,649	4,092
	$ 164,610	$ 151,806	$ 157,749

	Three months ended June 30

	Depreciation charge	Depreciation charge
Buildings	$ 13,849	$ 12,238
Transportation equipment (Business vehicles)	1,313	1,076
Land use rights	79	80
Office equipment	30	30
Other equipment	422	400
	$ 15,693	$ 13,824

	Six months ended June 30	
	2026	2025
	Depreciation charge	Depreciation charge
Buildings	$ 26,106	$ 25,344
Transportation equipment (Business vehicles)	2,419	2,115
Land use rights	159	165
Office equipment	61	61
Other equipment	837	449
	$ 29,582	$ 28,134

D. For the six months ended June 30, 2026 and 2025, the additions to right-of-use assets were $38,959 and $88,306, respectively.

E. The information on profit and loss accounts relating to lease contracts is as follows:

	Three months ended June 30	
	2026	2025
Items affecting profit or loss		
Interest expense on lease liabilities	$ 1,412	$ 1,063
Expense on short-term lease contracts	644	333
Expense on leases of low-value assets	179	293

	Six months ended June 30	
	2026	2025
Items affecting profit or loss		
Interest expense on lease liabilities	$ 2,517	$ 2,116
Expense on short-term lease contracts	1,675	760
Expense on leases of low-value assets	353	661

F. For the six months ended June 30, 2026 and 2025, the Group's total cash outflow for leases were $35,226 and $29,188, respectively.

(11) Investment property

	2026		
	Land	Buildings and structures	Total
At January 1			
Cost	$ 82,400	$ 12,704	$ 95,104

At June 30			
Cost	$ 82,400	$ 12,704	$ 95,104
Accumulated depreciation	-	(2,285)	(2,285)
	$ 82,400	$ 10,419	$ 92,819

A. The Group leases various assets including land and buildings. Rental contracts are typically made for periods of 1 year. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

B. The maturity analysis of the lease payments under the operating leases is as follows:

	June 30, 2026	December 31, 2025	June 30, 2025
2025	$ -	$ -	$ 462
2026	109	335	118
	$ 109	$ 335	$ 580

C. Rental income from investment property and direct operating expenses arising from investment property are shown below:

	Three months ended June 30	
	2026	2025
Rental income from investment property	$ 54	$ 308
Direct operating expenses arising from the investment property that generated rental income during the period	$ 24	$ 79

	Six months ended June 30	
	2026	2025
Rental income from investment property	$ 311	$ 545
Direct operating expenses arising from the investment property that generated rental income during the period	$ 102	$ 158

D. The fair value of the investment property held by the Group as at June 30, 2026, December 31, 2025 and June 30, 2025 were $90,679, $112,177 and $132,262, respectively, which was valued based on the market information of transactions that are similar to the above assets, and appropriate adjustments are made on the valuation results. Valuations were made using the comparison approach which is categorized within Level 3 in the fair value hierarchy.

E. For the six months ended June 30, 2025, due to changes in use between owner-occupied properties and properties held under operating leases, the Company transferred land of $72,065, and buildings and structures of $1,461 to investment property. There was no such transaction for the six months ended June 30, 2026.

	$ 321,110	$ 176,199	$ 733	$ 11,612	$ 509,654

A. Details of amortization on intangible assets are as follows:

	Three months ended June 30	
	2026	2025
Operating costs	$ 91	$ 87
Selling expenses	20	65
Administrative expenses	6,136	6,161
Research and development expenses	2,571	820
	$ 8,818	$ 7,133

	Six months ended June 30	
	2026	2025
Operating costs	$ 148	$ 167
Selling expenses	55	129
Administrative expenses	12,329	13,402
Research and development expenses	3,459	1,833
	$ 15,991	$ 15,531

B. Goodwill is allocated to the electronic product components manufacturing segment and other segments which is the Group's cash-generating units identified according to operating segment. Refer to Note 14 for disclosure of operating segment information.

C. Goodwill is allocated to the Group's cash-generating units identified according to operating segment. The recoverable amount of all cash-generating units has been determined based on value-in-use calculations. These calculations use cash flow projections based on financial budgets approved by the management covering a five-year period.

The cash flow of the financial forecast is based on the estimated changes in future annual revenue,

gross profit, operating expenses and capital expenditure needs, etc. in the future. The weighted average growth rates used based on past historical experience and expectations of industry. For the six months ended June 30, 2026 and 2025, the Group's estimated average annual revenue growth rate was 3%~5% for both periods, and adopted discount rate was pre-tax ratio of weighted average capital cost and reflected specified risks of the related cash-generating units. For the six months ended June 30, 2026 and 2025, the Group's pre-tax discount rate used for the valuation ranged from 9.35%~16.98% and 6.65%~15.38%, respectively. For the six months ended June 30, 2026 and 2025, the recoverable amount of all cash-generating units calculated using the value-in-use exceeded their carrying amount, so goodwill was not impaired.

(13) Other non-current assets

	June 30, 2026	December 31, 2025	June 30, 2025
Prepayments for investments	$ 126,080	$ -	$ 58,960
Current net defined benefit asset	25,825	25,825	23,186
Guarantee deposits paid	24,182	22,399	20,427
Prepayments for business facilities	14,671	12,222	10,808
Others	653	764	984
	$ 191,411	$ 61,210	$ 114,365

In June 2026 and 2025, the Group entered into capital increase agreements with ANDRA CAPITAL FUND LP and prepaid investment amounts relating to the aforementioned transactions of US$4 million (approximately $126,080) and US$2 million (approximately $58,960), respectively. As of August 3, 2026 and August 5, 2025, the capital increases have not yet been completed.

(14) Bonds payable

	June 30, 2026	December 31, 2025	June 30, 2025
Bonds payable	$ 794,300	$ 1,000,000	$ 1,000,000
Less: Discount on bonds payable	(22,623)	(39,510)	(50,472)
	$ 771,677	$ 960,490	$ 949,528

A. The terms of the third domestic unsecured convertible bonds issued by the Company are as follows:

(a) The Company issued $1,000,000, 0% third domestic unsecured convertible bonds, as approved by the regulatory authority. The bonds mature 3 years from the issue date (October 15, 2024 ~ October 15, 2027) and will be redeemed in cash at face value at the maturity date. The bonds were listed on the Taipei Exchange on October 15, 2024.

(b) The bondholders have the right to ask for conversion of the bonds into common shares of the Company during the period from the date after 3 months (January 16, 2025) of the bonds issue to the maturity date (October 15, 2027), except for the stop transfer period as specified in the terms of the bonds or the laws/regulations. The rights and obligations of the new shares converted from the bonds are the same as the issued and outstanding common shares.

(c) The conversion price of the bonds is set up based on the pricing model specified in the terms of the bonds, and is subject to adjustments if the condition of the anti-dilution provisions occurs subsequently. The conversion price will be reset based on the pricing model specified in the terms of the bonds on each effective date regulated by the terms. The conversion price of NT$148.8 per share was adjusted by the Company on July 8, 2026, based on the conversion rules.

(d) The Company may repurchase all the bonds outstanding in cash at the bonds' face value in accordance with the terms of bonds after the following events occur: (i) the closing price of the Company common shares is above the then conversion price by at least 30% for 30 consecutive trading days during the period from the date after three months of the bonds issue

(January 16, 2025) to 40 days before the maturity date (September 5, 2027), or (ii) the outstanding balance of the bonds is less than 10% of total face value during the period from the date after three months of the bonds issue (January 16, 2025) to 40 days before the maturity date (September 5, 2027).

(e) Under the terms of the bonds, all bonds redeemed (including bonds repurchased from the Traded Over the Counter), matured and converted will be retired and cannot be resold or re-issued. The conversion rights attached to the bonds are also extinguished.

B. Regarding the issuance of convertible bonds, the equity conversion options amounting to $237,781 were separated from the liability component and were recognised in 'capital surplus—share options' in accordance with IAS 32. The call options embedded in bonds payable were separated from their host contracts and were recognised in 'financial assets at fair value through profit or loss' in net amount of $3,100 in accordance with IFRS 9 because the economic characteristics and risks of the embedded derivatives were not closely related to those of the host contracts. The effective interest rate of the bonds payable after such separation ranged was 2.2916%.

C. As of June 30, 2026, the Company has not repurchased the convertible bonds from the Taipei Exchange. Additionally, the bonds totaling $205,700 (face value) had been converted into 1,353 thousand shares of common stock.

(15) Other payables

	June 30, 2026	December 31, 2025	June 30, 2025
Cash dividends payable	$ 854,601	$ -	$ 854,601

Payables on equipment	1,699	16,811	6,606
Others	101,122	75,606	74,922
	$ 1,358,342	$ 406,445	$ 1,201,699

(16) Pensions

A. Defined benefit plan

(a) The Company has a defined benefit pension plan in accordance with the Labor Standards Act, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Law. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method to the employees expected to qualify for retirement in the following year, the Company will make contributions for the deficit by next March.

(b) For the aforementioned pension plan, no pension cost was recognised by the Group for the three months and six months ended June 30, 2026 and 2025.

(c) Expected contributions to the defined benefit pension plan of the Group for the year ending December 31, 2026 amount to $0.

B. Defined contribution plan

(a) Effective July 1, 2005, the Company and its domestic subsidiaries have established a defined contribution pension plan (the "New Plan") under the Labor Pension Act (the "Act"), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company and its domestic subsidiaries contribute monthly an amount based on 6% of the employees' monthly salaries and wages to the employees' individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.

(b) The Company's subsidiaries in Mainland China, USA, Vietnam and Thailand have a defined contribution plan. Monthly contributions to an independent fund administered by the government in accordance with the local pension regulations are based on certain percentage of employees' monthly salaries and wages. Other than the monthly contributions, the Group has no further obligations.

(c) The pension costs under the defined contribution pension plan of the Group for the three months and six months ended June 30, 2026 and 2025 were $10,663, $8,806, $20,785 and $19,512, respectively.

(17) Share capital

A. As of June 30, 2026, the Company's authorised capital was $2,000,000, consisting of 200 million shares of ordinary stock, and the paid-in capital was $1,220,859 with a par value of NT$10 (in dollars) per share. All proceeds from shares issued have been collected.

B. During the second quarter of 2026, convertible bonds totaling $205,700 (face value) were converted into 1,353 thousand shares of common stock. Please refer to Note 6(14) for details. As of June 30, 2026, the registration of the capital change has not yet been completed, and the amount was therefore classified as "advance receipts for capital stock."

(18) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital surplus to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

(19) Retained earnings

A. The current year's net profit after tax, if any, shall first be used to offset prior years' operating losses (including adjusted undistributed profits) and then 10% of the remaining amount shall be set aside as legal reserve, if legal reserve has accumulated to an amount equal to the paid-in capital, then legal reserve is not required to be set aside any more. After that, special reserve shall be set aside or reversed in accordance with the related laws or the regulations made by the Competent Authority. The remainder, if any, along with the unappropriated earnings of prior years (including adjusted undistributed profits) shall be proposed by the Board of Directors and resolved by the shareholders as dividends to shareholders.

B. In accordance with the Company Act, the resolution, for all or part of distributable dividends and bonus, capital surplus or legal reserve which are distributed in the form of cash, will be adopted if more than 2/3 of the directors attend the Board of Directors' meeting and more than 1/2 of the directors present agree to the resolution. This will then be reported to the shareholders during their meeting. The regulation which requires approval by the shareholders is not applicable for the above.

C. The Company may distribute earnings or cover accumulated deficit on a semi-annual basis after the close of each half fiscal year in compliance with the Company Act. The Company shall pay all taxes, offset operating losses and set aside legal reserve before distributing earnings. However, if legal reserve has accumulated to an amount equal to the paid-in capital, then legal reserve is not required to be set aside any more. The distribution of earnings shall be resolved by the Board of Directors if earnings are distributed in the form of cash and shall be resolved by the shareholders if earnings are distributed in the form of new shares.

D. The Company's dividend policy aligns with the overall environment and industrial growth characteristics by taking into consideration the Company's capital needs, financial structure and earnings. Since the Company aims to continuously add capital for investment, research and development to create a competitive advantage and enhance shareholders' interest, at least 50% of the current year's earnings after tax shall be appropriated as shareholders' dividends and bonuses in the form of cash or shares each year and cash dividends shall account for at least 30% of the total dividends distributed.

E. In accordance with the regulations, the current year's earnings, if any, shall first be used to pay all taxes and offset prior years' operating losses and then 10% of the remaining amount shall be set aside as legal reserve until the legal reserve has accumulated to an amount equal to the paid-in capital. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.

F. In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.

G. The appropriations of 2025 and 2024 earnings as resolved by the shareholders on May 26, 2026 and May 27, 2025, respectively, are as follows:

	2025		2024	
	Amount	Dividends per share (in dollars)	Amount	Dividends per share (in dollars)
Legal reserve	$ 118,225		$ 111,354	
Reversal of special reserve	(11,134)		(222,533)	
Cash dividends	854,601	$ 7.00	854,601	$ 7.00
	$ 961,692		$ 743,422	

The abovementioned appropriations of 2025 and 2024 earnings were in agreement with those amounts resolved by the Board of Directors on March 6, 2026 and February 25, 2025, respectively. The abovementioned appropriation of cash dividends from 2025 earnings amounting to $854,601 as resolved by the Board of Directors has not yet been distributed as of June 30, 2026 and was shown as 'other payables'.

H. For the information relating to employees' compensation and directors' remuneration, refer to Note 6(24).

(21) Operating revenue

A. Disaggregation of revenue from contracts with customers

The Group derives revenue from the transfer of goods at a point in time in the following geographical regions:

	Three months ended June 30	
Revenue from external customer contracts	2026	2025
US	$ 847,086	$ 477,512
Taiwan	575,698	449,786
China	297,828	470,761
Thailand	161,343	160,321
Singapore	195,710	30,171
Japan	101,858	105,418
Others	329,219	245,417
	$ 2,508,742	$ 1,939,386

Revenue from external customer contracts	Six months ended June 30 2026	2025
US	$ 1,504,682	$ 958,387
Taiwan	987,635	796,783
China	571,598	787,617
Thailand	360,314	291,086
Singapore	272,407	55,734
Japan	193,355	293,510
Others	644,637	429,474
	$ 4,534,628	$ 3,612,591

B. Information on products

	Three months ended June 30 2026	2025
Datacenter/Networking/Telecom	$ 1,740,975	$ 1,078,685
Smart Connection Industry	622,119	800,619
Others	145,648	60,082
	$ 2,508,742	$ 1,939,386

	Six months ended June 30 2026	2025
Datacenter/Networking/Telecom	$ 3,069,522	$ 1,973,820
Smart Connection Industry	1,209,925	1,470,151
Others	255,181	168,620
	$ 4,534,628	$ 3,612,591

C. Contract liabilities

The Group has recognised the following revenue-related contract liabilities:

	June 30, 2026	December 31, 2025	June 30, 2025	January 1, 2025
Contract liabilities	$ 56,550	$ 35,107	$ 26,038	$ 34,124

The amount of revenue recognised that was included in the beginning contract liability balance for the three months and six months ended June 30, 2026 and 2025 were $3,828, $126, $15,622 and $16,429, respectively.

(22) Other gains and losses

	Three months ended June 30	
	2026	2025
Net foreign exchange losses	($ 29,091)	($ 48,161)

Employee benefit expense	$ 551,555	$ 460,346
Depreciation (Note)	78,114	70,126
Amortisation charges on other assets	15,991	15,531
	$ 645,660	$ 546,003

Note: Including current depreciation charges on properties, right-of-use assets and investment properties.

(24) Employee benefit expense

	Three months ended June 30	
	2026	2025
Wages and salaries	$ 250,286	$ 195,848
Labour and health insurance fees	16,870	12,757
Pension costs	10,663	8,806
Other personnel expenses	13,934	11,133
	$ 291,753	$ 228,544

	Six months ended June 30	
	2026	2025
Wages and salaries	$ 472,007	$ 392,332
Labour and health insurance fees	31,255	26,028
Pension costs	20,785	19,512
Other personnel expenses	27,508	22,474
	$ 551,555	$ 460,346

A. In accordance with the Articles of Incorporation of the Company, a ratio of distributable profit of the current year, if any, shall be distributed as employees' compensation and directors' remuneration as resolved by the Board of Directors. The ratio shall not be lower than 7% for employees' compensation. However, if the Company has accumulated deficit, earnings should first be reserved to cover losses.

B. For the three months and six months ended June 30, 2026 and 2025, employees' compensation were accrued at $42,323, $23,470, $77,220 and $41,537, respectively; while directors' remuneration were accrued at $1,980, $1,350, $3,960, and $2,700, respectively. The aforementioned amounts were recognised in salary expenses.

For the six months ended June 30, 2026 and 2025, employees' compensation were estimated and accrued based on 7% of distributable profit of current year; directors' remuneration was determined based on the extent of their participation in the Company's operations and the value of their contribution.

Employees' compensation and directors' remuneration for 2025 as resolved at the meeting of Board of Directors were in agreement with those amounts recognised in the 2025 financial statements. Employees' compensation and directors' remuneration for 2025 were all distributed in the form of cash.

Information about employees' compensation and directors' remuneration of the Company as resolved at the meeting of Board of Directors will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

(25) Income tax

A. Income tax expense

(a) Components of income tax expense:

	Three months ended June 30	
	2026	2025
Current tax:		
Current tax on profits for the period	$ 127,177	$ 77,352
Tax on undistributed surplus earnings	7,528	12,125
Prior year income tax (over) underestimation	(1,815)	6,025
Total current tax	132,890	95,502
Deferred tax:		
Origination and reversal of temporary differences	(3,514)	(7,282)
Total deferred tax	(3,514)	(7,282)
Income tax expense	$ 129,376	$ 88,220

	Six months ended June 30	
	2026	2025
Current tax:		
Current tax on profits for the period	$ 228,473	$ 140,811
Tax on undistributed surplus earnings	7,528	12,125
Prior year income tax (over) underestimation	(1,815)	6,015
Total current tax	234,186	158,951
Deferred tax:		
Origination and reversal of temporary differences	(8,288)	(7,098)
Total deferred tax	(8,288)	(7,098)
Income tax expense	$ 225,898	$ 151,853

B. The Company has not recognised taxable temporary differences associated with investment in subsidiaries as deferred tax liabilities. As of June 30, 2026, December 31, 2025 and June 30, 2025, the amounts of temporary differences unrecognised as deferred tax liabilities were $1,554,477, $1,446,680 and $1,358,455, respectively.

C. The Group's income tax returns through 2024 have been assessed and approved by the Tax Authority.

Profit attributable to ordinary shareholders of the parent plus assumed conversion of all dilutive potential ordinary shares	$ 462,766	128,805	$ 3.59

(27) Business combinations

A. In October 2024, the Company invested in APEX CONNECTIVITY LTD. at a total price of $12,848, and held a 49% equity interest in APEX CONNECTIVITY LTD. In November 2025, the Company additionally invested in APEX CONNECTIVITY LTD. at a total price of $514, and additionally held a 2% equity interest in APEX CONNECTIVITY LTD. As the Company acquired a 51% equity interest in APEX CONNECTIVITY LTD. in stages, and obtained control over the entity in November 2025. The entity is primarily engaged in the production and sale of data network telecommunications and liquid cooling connectors.

B. The following table summarises the consideration paid for APEX CONNECTIVITY LTD. and the fair values of the assets acquired and liabilities assumed at the acquisition date, as well as the non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets at the acquisition date:

	November 20, 2025
Purchase consideration	
Cash paid	$ 514
Fair value of equity interest in APEX CONNECTIVITY LTD. Company held before the business combination	12,868
Non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets	12,571
	25,953
Fair value of the identifiable assets acquired and liabilities assumed	
Cash	21,196
Accounts receivable	179
Other receivables	5
Prepayments	520
Property, plant and equipment	8,770
Other payables	(5,014)
Total identifiable net assets	25,656
Goodwill	$ 297

C. Prior to the business combination, the Group held a 49% interest in APEX CONNECTIVITY LTD. The interest was remeasured at fair value, and a gain of $297 was recognised (shown as 'Other gains and losses').

D. The operating revenue included in the consolidated statement of comprehensive income since November 20, 2025 contributed by APEX CONNECTIVITY LTD. was $0. APEX CONNECTIVITY LTD. also contributed profit before income tax of $482 over the same period. Had APEX CONNECTIVITY LTD. been consolidated from January 1, 2025, the consolidated statement of comprehensive income would show operating revenue of $7,579,319 and profit before income tax of $1,433,787.

(28) Supplemental cash flow information

A. Investing activities with partial cash payments

	2026	2025
Sales of goods:		
Others	$ 2,432	$ 4,539
Associate	206	-
	$ 2,638	$ 4,539

Except for circumstances in which there are no similar transactions for reference and the prices and credit periods are negotiated by both parties, the aforementioned related party is offered prices very close to those offered to other customers and given a credit period of 90 days.

B. Purchases:

	Three months ended June 30	
	2026	2025
Purchases of goods:		
Others	$ 15,232	$ 17,815
Associates	45,761	11,977
	$ 60,993	$ 29,792

	Six months ended June 30	
	2026	2025
Purchases of goods:		
Others	$ 32,563	$ 34,650
Associates	87,000	27,855
	$ 119,563	$ 62,505

Goods are purchased from related parties and others with a payment term of 60 to 90 days at the end of the month. Purchase prices are determined based on product types after taking into consideration other transaction terms.

C. Receivables from related parties:

	June 30, 2026	December 31, 2025	June 30, 2025
Accounts receivable:			
Others	$ 1,957	$ 4,431	$ 2,547
Associate	359	-	-
	$ 2,316	$ 4,431	$ 2,547

There are no allowances for uncollectible accounts held against receivables from related parties.

D. Payables to related parties:

	June 30, 2026	December 31, 2025	June 30, 2025
Accounts payable:			
Others	$ 23,513	$ 23,481	$ 23,108
Associates	52,157	19,884	14,193
	$ 75,670	$ 43,365	$ 37,301

E. Lease transactions－lessee

(a) The Group leases buildings from 675 Sycamore LLC. Rental contracts are typically made for periods from 2025 to 2029.

(b) Acquisition of right-of-use assets

	Three months ended June 30	
	2026	2025
Others	$ 33,674	$ -

	Six months ended June 30	
	2026	2025
Others	$ 33,674	$ 24,068

(c) Lease liabilities

i. Outstanding balance:

	June 30, 2026	December 31, 2025	June 30, 2025
Others	$ 49,435	$ 18,884	$ 19,526

ii. Interest expense

	Three months ended June 30	
	2026	2025
Others	$ 533	$ 331

	Six months ended June 30	
	2026	2025
Others	$ 794	$ 662

(3) Key management compensation

	Three months ended June 30	
	2026	2025
Salaries and other short-term employee benefits	$ 8,200	$ 17,741

	Six months ended June 30	
	2026	2025
Salaries and other short-term employee benefits	$ 20,745	$ 35,136

8. Pledged Assets

The Group's assets pledged as collateral are as follows:

	Book value			
Pledged asset	June 30, 2026	December 31, 2025	June 30, 2025	Purpose
Property, plant and equipment -Land and buildings and structures	$ 139,982	$ 140,867	$ 142,195	Line of guarantee for short-term borrowings
Guarantee deposits paid (shown as other non-current assets)	5,007	4,913	4,913	Customs bonds
Time deposits (shown as financial assets at amortised cost)	2,112	2,188	1,989	Line of guarantee for forward foreign exchange
	$ 147,101	$ 147,968	$ 149,097	

9. Significant Contingent Liabilities and Unrecognised Contract Commitments

On April 23, 2026, the Ministry of Justice Investigation Bureau initiated an investigation into a dispute over the copyright of software related to the Company's research and development activities. It is still in the stage of negotiation and assessment, and the results of the case and the likelihood of any impact remain uncertain. As of August 3, 2026, the Company cannot yet estimate the possible amount that might affect the Company's financial position and operating performance as a result of this case. The Company has appointed external legal advisors to handle the relevant matters.

10. Significant Disaster Loss

None.

11. Significant Events after the Balance Sheet Date

On July 20, 2026, the Board of Directors of the Company's subsidiary, JPCPT Inc., resolved that, in order to expand the Company's fiber-optic business layout, JPCPT Inc. plans to acquire shares of Galaxy Electronics Inc. ("Galaxy company") and, on the same day, to enter into a share transfer agreement with two shareholders who hold 100% equity interest in Galaxy company, under which JPCPT Inc. would acquire 60% equity interest in Galaxy company for a consideration of US$2 million, with the proposed effective date of the business combination set as August 12, 2026. Based on mutual agreement, JPCPT Inc. has the option to acquire the remaining 40% equity interest in Galaxy company three years after the effective date of the business combination. If JPCPT Inc. does not exercise this option, the former shareholders of Galaxy company have the right to repurchase shares in accordance with the relevant terms of the agreement. As of August 3, 2026, the purchase price determination process and the fair value of the identifiable assets acquired and the liabilities assumed in the business combination are still under assessment. As the relevant information is not yet complete, the aforementioned item cannot be fully disclosed.

12. Others

(1) Capital management

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt.

During the six months ended June 30, 2026 and 2025, the Group's strategy was to maintain the gearing ratio under 50%.

(2) Financial instruments

A. Financial instruments by category

The Group's financial instruments are classified as financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, financial assets at amortised cost (including cash and cash equivalents, financial assets at amortised cost, accounts receivable (including related parties), other receivables and certain other non-current assets), financial liabilities at fair value through profit or loss, financial liabilities at amortised cost (including accounts payable (including related parties) and other payables and bonds payable, lease liabilities, contingent consideration arising on a business combination in accordance with IFRS 9. Related information is provided in Note 6 and the consolidated balance sheets.

B. Financial risk management policies

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial position and financial performance.

Risk management is carried out by a central treasury department (Group treasury) under policies approved by the Board of Directors. Group treasury identifies, evaluates and hedges financial risks in close cooperation with the Group's operating units.

C. Significant financial risks and degrees of financial risks

(a) Market risk

Exchange rate risk

i. The Group operates internationally and is exposed to exchange rate risk arising from the transactions of the Company and its subsidiaries used in various functional currency, primarily with respect to the USD and RMB. Foreign exchange rate risk arises from future commercial transactions and recognised assets and liabilities.

ii. The Group's businesses involve some non-functional currency operations (the Company's and certain subsidiaries' functional currency: NTD; other certain subsidiaries' functional currency: USD, RMB and THB). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations is as follows:

	June 30, 2026		
	Foreign currency amount (In thousands)	Exchange rate	Book value (NTD)
(Foreign currency: functional currency)			
Financial assets			
Monetary items			
USD:NTD	$ 99,679	31.85	$ 3,174,776
USD:RMB	31,925	31.85	1,016,811
RMB:NTD	16,033	4.69	75,195
Foreign operations

USD:NTD	5%	$ 40,929	
USD:RMB	5%	1,948	
RMB:NTD	5%	81,276	

iii. The total exchange loss, arising from significant foreign exchange variation on the monetary items held by the Group for the three months and six months ended June 30, 2026 and 2025, amounted to ($29,091), ($48,161), ($41,711) and ($58,915), respectively.

Price risk

i. The Group's equity securities, which are exposed to price risk, are the held financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income. To manage its price risk arising from investments in equity securities, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

ii. The Group's investments in equity securities comprise shares issued domestically and publicly. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 20% with all other variables held constant, post-tax profit for the six months ended June 30, 2026 and 2025 would have increased/decreased by $91,387 and $33,443, respectively, as a result of gains/losses on equity securities classified as at fair value through profit or loss. Other components of equity for the six months ended June 30, 2026 and 2025 would have increased/decreased by $303,059 and $165,781, respectively, as a result of other comprehensive income on equity investments classified as at fair value through other comprehensive income.

Cash flow and fair value interest rate risk

As short-term borrowings for short-term working capital needs are mostly issued at variable rates, most of the risks could be offset by cash with variable interest rates.

(b) Credit risk

i. Credit risk refers to the risk of financial loss to the Group arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms, and the contract cash flows of debt instruments stated at amortised cost.

ii. The Group manages its credit risk taking into consideration the entire group's concern. For banks and financial institutions, only banks with good credit and financial institutions with investment grade or above are accepted. According to the Group's credit policy, each local entity in the Group is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.

iii. If the contract payments were past due over 90 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition; the default occurs when the contract payments are past due over 360 days.

iv. The ageing analysis of accounts receivable and notes receivable that were past due but not impaired is as follows:

	June 30, 2026		December 31, 2025	
	Accounts receivable	Notes receivable	Accounts receivable	Notes receivable
Not past due	$ 2,334,112	$ 2,664	$ 1,933,913	$ 4,079
Up to 90 days	187,285	-	128,322	-
91 to 180 days	8,281	-	12,334	-
181 to 360 days	315	-	5,707	-
Over 360 days	30,377	-	31,077	-
	$ 2,560,370	$ 2,664	$ 2,111,353	$ 4,079

	June 30, 2025	
	Accounts receivable	Notes receivable
Not past due	$ 1,780,606	$ 6,276
Up to 90 days	112,747	-
91 to 180 days	19,957	-
181 to 360 days	1,923	-
Over 360 days	39,334	-
	$ 1,954,567	$ 6,276

The above ageing analysis was based on past due date.

v. The Group assesses the expected credit losses of its accounts receivable as follows:

(i) Accounts receivable that are significantly past due are assessed individually for their expected credit losses.

(ii) The provision matrix is used to estimate the expected credit losses from the remaining customers.

(iii) The Group used the forecastability to adjust historical and timely information to assess the default possibility of accounts receivable. As of June 30, 2026, December 31, 2025 and June 30, 2025, the provision matrix is as follows:

		Group					
June 30, 2026	Individual	Not past due	Up to 90 days	91 to 180 days	181 to 360 days	Over 360 days	Total
Expected loss rate	100.00%	0.05%	1.38%	11.19%	46.35%	-	
Total book value	$ 30,377	$ 2,336,776	$ 187,285	$ 8,281	$ 315	$ -	$ 2,563,034
Loss allowance	$ 30,377	$ 1,220	$ 2,585	$ 927	$ 146	$ -	$ 35,255

		Group					
December 31, 2025	Individual	Not past due	Up to 90 days	91 to 180 days	181 to 360 days	Over 360 days	Total
Expected loss rate	100.00%	0.04%	1.52%	6.12%	23.90%	-	
Total book value	$ 31,077	$ 1,937,992	$ 128,322	$ 12,334	$ 5,707	$ -	$ 2,115,432
Loss allowance	$ 31,077	$ 804	$ 1,949	$ 755	$ 1,364	$ -	$ 35,949

		Group					
June 30, 2025	Individual	Not past due	Up to 90 days	91 to 180 days	181 to 360 days	Over 360 days	Total
Expected loss rate	100.00%	0.05%	1.38%	6.29%	23.71%	-	
Total book value	$ 39,334	$ 1,786,882	$ 112,747	$ 19,957	$ 1,923	$ -	$ 1,960,843
Loss allowance	$ 39,334	$ 878	$ 1,553	$ 1,255	$ 456	$ -	$ 43,476

vi. Movements in relation to the Group applying the modified approach to provide loss allowance for accounts receivable are as follows:

	Accounts receivable	
	2026	2025
At January 1	$ 35,949	$ 49,171
Provision for impairment loss	-	1,725
Reversal of impairment loss	(842)	-
Effect of foreign exchange	148	(7,420)
At June 30	$ 35,255	$ 43,476

vii. Financial assets at amortised cost are deposited in banks with good credit and financial institutions with investment grade so there is no significant default concerns and credit risk.

(c) Liquidity risk

i. Cash flow forecasting is performed in the operating entities of the Group and aggregated by Group treasury. Group treasury monitors rolling forecasts of the Group's liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Group does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities. Such forecasting takes into consideration the Group's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable external regulatory or legal requirements.

ii. Surplus cash held by the operating entities over and above balance required for working capital management are transferred to the Group treasury. Group treasury invests surplus cash in interest bearing current accounts, time deposits and money market deposits, choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient headroom as determined by the abovementioned forecasts. As at June 30, 2026, December 31, 2025 and June 30, 2025, the Group held money market position of $2,428,764, $2,071,557 and $2,168,084, respectively, that are expected to readily generate cash inflows for managing liquidity risk.

iii. The Group's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities are analysed into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities and to the expected maturity date for derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows:

June 30, 2026	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Total
Non-derivative financial liabilities:				
Lease liability	$ 65,883	$ 49,489	$ 51,544	$ 166,916
Bonds payable	-	794,300	-	794,300
	$ 65,883	$ 843,789	$ 51,544	$ 961,216

December 31, 2025	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Total
Non-derivative financial liabilities:				
Lease liability	$ 58,374	$ 51,777	$ 48,592	$ 158,743
Bonds payable	-	1,000,000	-	1,000,000
	$ 58,374	$ 1,051,777	$ 48,592	$ 1,158,743

June 30, 2025	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Total
Non-derivative financial liabilities:				
Lease liability	$ 51,480	$ 45,111	$ 65,683	$ 162,274
Bonds payable	-	-	1,000,000	1,000,000
	$ 51,480	$ 45,111	$ 1,065,683	$ 1,162,274

Except for those listed in the table below, the Group's non-derivative financial liabilities (including accounts payable (including related parties) and other payables) will expire within 1 year.

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. Financial assets held by the Group are listed shares wherein the related income and closing prices could be readily and regularly obtained from the Stock Exchange and Taipei Exchange. The fair value of the shares of listed and emerging companies invested by the Group is included in Level 1.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. The related call options embedded in the convertible bonds issued by the Company and the fair value of Company's investments in derivative instruments are included in Level 2

Level 3: Unobservable inputs for the asset or liability. The fair value of the Group's investment in equity investment, private equity fund investment and contingent consideration without active market is included in Level 3.

B. Fair value information of investment property at cost is provided in Note 6(11).

C. Fair value information of financial instruments: Except for financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income, refer to Note 12(2) for financial instruments not measured at fair value.

D. Financial instruments not measured at fair value

(a) Except for those listed in the table below, the carrying amounts of cash and cash equivalents, notes receivable, accounts receivable (including related parties), other receivables, accounts payable (including related parties) and other payables are approximate to their fair values.

	June 30, 2026			
		Fair value		
	Book value	Level 1	Level 2	Level 3
Financial liabilities:				
Bonds payable	$ 771,677	$ -	$ 774,681	$ -

	December 31, 2025			
		Fair value		
	Book value	Level 1	Level 2	Level 3
Financial liabilities:				
Bonds payable	$ 960,490	$ -	$ 965,800	$ -

	June 30, 2025			
		Fair value		
	Book value	Level 1	Level 2	Level 3
Financial liabilities:				
Bonds payable	$ 949,528	$ -	$ 955,200	$ -

The methods and assumptions the Company used to measure fair value are included as follows:

Bonds payable: They are measured at present value, which is calculated based on the cash flow expected to be paid and discounted using a market rate prevailing at balance sheet date.

E. The related information on financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets at June 30, 2026, December 31, 2025 and June 30, 2025, are as follows:

(a) The related information on the nature of the assets is as follows:

June 30, 2026	Level 1	Level 2	Level 3	Total
Assets

Financial assets at fair value through other comprehensive income				
Equity securities	$ 563,941	$ -	$ 264,962	$ 828,903

(b) The methods and assumptions the Group used to measure fair value are as follows:

i. The instruments the Group used market quoted prices as their fair values (that is, Level 1) are listed below by characteristics:

	Listed shares and Emerging stocks
Market quoted price	Closing price

ii. Except for financial instruments with active markets, the fair value of other financial instruments is measured by using valuation techniques or by reference to counterparty quotes. The fair value of financial instruments measured by using valuation techniques can be referred to current fair value of instruments with similar terms and characteristics in substance, discounted cash flow method or other valuation methods, including calculated by applying model using market information available at the consolidated balance sheet date.

iii. When evaluating non-standardized and less complex financial instruments, such as debt instruments and exchange contracts for which there is no active market, the Group adopts evaluation techniques widely used by market participants. The parameters used in the valuation models of such financial instruments are usually self-developed valuation models using market observable price methods and techniques to measure fair value.

iv. For high-complexity financial instruments, the fair value is measured by using self-developed valuation model based on the valuation method and technique widely used within the same industry. The valuation model is normally applied to derivative financial instruments, debt instruments with embedded derivatives or securitised instruments. Certain inputs used in the valuation model are not observable at market, and the Group must make reasonable estimates based on its assumptions. The effect of unobservable inputs to the valuation of financial instruments is provided in Note 12(3)9.

v. The evaluation of derivative financial instruments is based on evaluation models widely accepted by market users, such as discount methods and option pricing models. Forward foreign exchange contracts are usually evaluated based on current forward exchange rates. Structured interest rate derivative financial instruments are based on appropriate option pricing models (such as the Black-Scholes model) or other evaluation methods, such as Monte Carlo simulation.

vi. The fair value of contingent consideration arising on a business combination is estimated using the discounted cash flow method. Its main assumptions consider the probability of achievement for various payment terms in individual contracts to estimate the payments to be paid which will be discounted, and thus the fair value is estimated by the present value after the discount.

vii. The output of valuation model is an estimated value and the valuation technique may not be able to capture all relevant factors of the Group's financial and non-financial instruments. Therefore, the estimated value derived using valuation model is adjusted accordingly with additional inputs, for example, model risk or liquidity risk and etc. In accordance with the Group's management policies and relevant control procedures relating to the valuation models used for fair value measurement, management believes adjustment to valuation is necessary in order to reasonably represent the fair value of financial and non-financial instruments at the consolidated balance sheet. The inputs and

pricing information used during valuation are carefully assessed and adjusted based on current market conditions.

viii. The Group takes into account adjustments for credit risks to measure the fair value of financial and non-financial instruments to reflect credit risk of the counterparty and the Group's credit quality.

F. For the six months ended June 30, 2026 and 2025, there was no transfer between Level 1 and Level 2.

G. The following chart is the movement of Level 3 for the six months ended June 30, 2026 and 2025:

	2026	2025	
	Equity instruments	Equity instruments	Contingent consideration
At January 1	$ 415,212	$ 294,209	$ 99,474
Financial assets at fair value through profit or loss	122	(1,006)	-
Recorded as unrealised gains on valuation of investments in equity instruments measured at fair value through other comprehensive income	26,505	1,450	-
Acquired during the period	62,900	-	-
Investment cost return	(58,600)	(276)	-
Transfers out from level 3	(44,315)	-	-
Settled during the period	-	-	(100,130)
Effect due to changes in exchange rate	-	-	656
At June 30	$ 401,824	$ 294,377	$ -

H. LINCO TECHNOLOGY CO., LTD. has been listed on the Taipei Exchange from June 2026, and its transactions have sufficient frequency and volume, therefore, the Group transferred the fair value from Level 3 to Level 1 at the end of the month when the event occurred.

I. Treasury segment is in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.

J. The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	Fair value at June 30, 2026	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instruments:					
Unlisted shares	$ 132,087	Market comparable companies	Discount for lack of marketability	20%-25% (24%)	The higher the discount for lack of marketability, the lower the fair value
Unlisted shares	104,994	Discounted cash flow	Discount for lack of marketability	30%	The higher the discount for lack of marketability, the lower the fair value
			Weighted Average Cost of Capital of marketability	15%	The higher the weighted average cost of capital, the lower the fair value
Limited partnership	31,410	Net asset value	N/A	-	N/A
Private equity fund investment	133,333	〃	〃	〃	〃

	Fair value at December 31, 2025	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instruments:					
Unlisted shares	$ 146,720	Market comparable companies	Discount for lack of marketability	20%-25% (23%)	The higher the discount for lack of marketability, the lower the fair value
Unlisted shares	108,171	Discounted cash flow	Discount for lack of marketability	30%	The higher the discount for lack of marketability, the lower the fair value
			Weighted Average Cost of Capital of marketability	14%	The higher the weighted average cost of capital, the lower the fair value
Limited partnership	31,485	Net asset value	N/A	-	N/A
Private equity fund investment	128,836	〃	〃	〃	〃

	Fair value at June 30, 2025	Valuation technique	Significant unobservable input	Range (weighted average)	Relationship of inputs to fair value
Non-derivative equity instruments:					
Unlisted shares	$ 158,275	Market comparable companies	Discount for lack of marketability	20%-25% (23%)	The higher the discount for lack of marketability, the lower the fair value
Unlisted shares	106,687	Discounted cash flow	Discount for lack of marketability	30%	The higher the discount for lack of marketability, the lower the fair value
			Weighted Average Cost of Capital of marketability	15%	The higher the weighted average cost of capital, the lower the fair value
Limited partnership	29,415	Net asset value	N/A	-	N/A

K. The Group has carefully assessed the valuation models and assumptions used to measure fair value. However, use of different valuation models or assumptions may result in different measurement. The following is the effect on profit or loss or on other comprehensive income from financial assets and liabilities categorised within Level 3 if the inputs used to valuation models have changed:

			June 30, 2026			
			Recognised in profit or loss		Recognised in other comprehensive income	
	Input	Change	Favourable change	Unfavourable change	Favourable change	Unfavourable change
Financial assets						
Equity instruments	Discount for lack of marketability	±1%	$ -	$ -	$ 2,371	$ 2,371

			December 31, 2025			
			Recognised in profit or loss		Recognised in other comprehensive income	
	Input	Change	Favourable change	Unfavourable change	Favourable change	Unfavourable change
Financial assets						
Equity instruments	Discount for lack of marketability	±1%	$ -	$ -	$ 2,549	$ 2,549

			June 30, 2025			
			Recognised in profit or loss		Recognised in other comprehensive income	
	Input	Change	Favourable change	Unfavourable change	Favourable change	Unfavourable change
Financial assets						
Equity instruments	Discount for lack of marketability	±1%	$ -	$ -	$ 2,650	$ 2,650

13. Supplementary Disclosures

(1) Significant transactions information

A. Loans to others: None.

B. Provision of endorsements and guarantees to others: None.

C. Holding of significant marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Refer to table 1.

D. Purchases or sales of goods from or to related parties reaching $100 million or 20% of paid-in capital or more: Refer to table 2.

E. Receivables from related parties reaching $100 million or 20% of paid-in capital or more: Refer to table 3.

F. Significant inter-company transactions during the reporting period: Refer to table 4.

(2) Information on investees

Names, locations and other information of investee companies (not including investees in Mainland China): Refer to table 5.

(3) Information on investments in Mainland China

A. Basic information: Refer to table 6.

B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area: Refer to Tables 2, 3 and 4.

14. Operating Segment Information

(1) General information

The Company and its subsidiaries are primarily engaged in the manufacture, sales, import and export of various computer software and hardware and its peripherals as well as electronic products and components; manufacture and wholesale of wireless telecommunication equipment and apparatus, data storage and processing equipment, wired communication equipment and apparatus and printers. The chief operating decision maker considers the business from a product and service type perspective, develops products and expands business according to customer nature and needs of various types of products. Currently, business activities can be categorised into electronic products components manufacturing segment and others. Electronic products components manufacturing segment is reportable operating segment, other segments which have not met the quantitative threshold are not disclosed individually.

(2) Segment information

The segment information provided to the chief operating decision-maker for the reportable segments is as follows:

	Electronic products components manufacturing segment	All other segments	Total
Three months ended June 30, 2026			
Inter-segment revenue	$ 2,456,073	$ 52,669	$ 2,508,742
Segment income	$ 589,364	$ 18,847	$ 608,211
Depreciation and amortisation	$ 47,207	$ 1,908	$ 49,115
Interest income	$ 16,972	$ 674	$ 17,646
Interest expense	$ 6,862	$ 104	$ 6,966

	Electronic products components manufacturing segment	All other segments	Total
Six months ended June 30, 2026			
Inter-segment revenue	$ 4,421,941	$ 112,687	$ 4,534,628
Segment income	$ 1,053,161	$ 61,656	$ 1,114,817
Depreciation and amortisation	$ 91,042	$ 3,063	$ 94,105
Interest income	$ 19,166	$ 697	$ 19,863
Interest expense	$ 13,286	$ 223	$ 13,509

	Electronic products components manufacturing segment	All other segments	Total
Three months ended June 30, 2025			
Inter-segment revenue	$ 1,891,245	$ 48,141	$ 1,939,386
Segment income	$ 342,730	$ 11,382	$ 354,112
Depreciation and amortisation	$ 42,710	$ 1,409	$ 44,119
Interest income	$ 10,755	$ 537	$ 11,292
Interest expense	$ 6,312	$ 214	$ 6,526

	Electronic products components manufacturing segment	All other segments	Total
Six months ended June 30, 2025			
Inter-segment revenue	$ 3,475,076	$ 137,515	$ 3,612,591
Segment income	$ 637,375	$ 1,386	$ 638,761
Depreciation and amortisation	$ 82,957	$ 2,700	$ 85,657
Interest income	$ 19,617	$ 785	$ 20,402
Interest expense	$ 12,513	$ 381	$ 12,894

The Group derives revenue from the transfer of goods at a point in time.

(3) Reconciliation for segment income (loss)

In current year, the revenue and income or loss before tax of reportable operating segment are consistent with those of continuing operations.
